

KARANBIR BADHESHA — WARD 8

PLATFORM OVERVIEW

1. Seniors & Accessibility

Supporting programs and infrastructure that help seniors remain active, safe, and independent, while improving access to services for residents of all ages.

2. Roads, Sidewalks & Infrastructure

Prioritizing well-maintained roads, sidewalks, and essential public infrastructure to support safe travel, everyday convenience, and long-term community needs.

3. Affordable Housing

Supporting practical approaches that increase housing availability and affordability while maintaining the character and livability of the community.

4. Public Safety

Working with community partners on initiatives focused on safer streets, stronger community support, and resident well-being.

5. Responsible Financial Management

Promoting transparent and accountable decision-

making, with attention to responsible spending and value for taxpayers.

6. Local Businesses & Jobs

Supporting local businesses, encouraging investment, and promoting employment opportunities that contribute to a stronger local economy.

7. Parks, Recreation & Community Spaces

Supporting parks, trails, recreational facilities, and gathering spaces that contribute to healthy and connected neighborhoods.

8. Environmental Stewardship

Supporting responsible environmental practices that protect natural surroundings while balancing community growth with environmental considerations.

9. Community Engagement

Encouraging accessible communication between residents and City Hall, with an emphasis on listening to community concerns and keeping residents informed.
